

Computability & Logic, Exercises to Lectures 7+8

Adam Husted Kjelstrøm

Theoretical Exercises

Based on Martin, chapter 1.3 pages 13-17. The slides go above and beyond what's in the book, so make sure to read the slides as well!

Exercises

- 1.16
- 1.26
- 1.21 (a)
- 1.23
- 1.24 (If you don't want to work through the cases, write a script to solve it)
- 1.25
- 1.27
- 1.28 (writing a small script to solve (b) is recommended)
- 1.29-30
- 1.39
